## Introduction

### Report Purpose

The State of Arizona requires that covered employees' annual leave balances not exceed 240 hours and non-covered employees' annual leave balances not exceed 320 hours at the end of each calendar year. In addition, the combined total of annual leave and holiday annual leave cannot exceed 264 hours for covered employees and 344 hours for non-covered employees. This requirement is for all System "A" agencies and selected Non-System "A" agencies that choose to participate in the Annual Leave Rollback process. Please see personnel rule R2-5-403D for more information, as this process is governed.

The Annual Leave Rollback Warning (ZT202) report identifies the employees who will have excess annual leave and holiday annual leave at the end of the calendar year. The report can be run on demand.
