REVIEWING REPORT RESULTS	9
STEPS 1-2 OF 2	9

Introduction

After a report job has been setup and 'added' to the system using the Add button, you must submit the report to HRIS to process. Only after the report has been submitted and processed, will results be available for you to view.

Once the job has been submitted, you will want to check the status of the job using the Job Scheduler. The job schedule is available to show you whether your job is Waiting, Active or Completed.

After the job has reached a Completed status, you can then access the report results in one place:

• Print Manager

Once the report results are open, you have the option of printing the results, saving the results to your hard drive, or exporting the results into a Comma Separated Value (CSV) file or a PDF format.

Steps 1-2 of 2

	HRIS Field	R/O	Step/Action	Expected Results	Notes/ Additional Information
1	Submit Job button	R	Click Submit under Related Actions to submit job to process. Job Submit window opens. Click Submit button again.	Receive message "Job has been submitted".	You must have clicked 'Add' or 'Change' to save the report parameters in HRIS BEFORE clicking Submit.
2	Job Scheduler link	R	Click Job Scheduler to check the status of a job.	This will take you to the Job Scheduler. Use the job schedule to determine the current status of your job.	Job must be in Normal Completion and appear in the Completed tab to be available to view under the Print Files or Reports link. You cannot view report results through the job scheduler, you can only view the status of the report job.

Verify Status using the Job Scheduler

The Job Scheduler should be used to check the status of a submitted job. The job can only be viewed in the Print Manager when it appears in the Completed tab.
